

Ema

(aka Adele)

Ema (aka Adele) joined our family on December 18, 2017. We drove from Flagstaff, Arizona to Grand Junction, Colorado on December 17th to meet Ema and fell in love this sweet girl. We knew she was afraid of many things and it would take time for her to trust her new family, however, she adjusted much quicker than we could imagine. We are still working with Ema on her confidence level, but she has become so confident in just 3 weeks! When we began our journey Ema would not jump in the car or jump out, she was not comfortable on our couch, and she would bark when seeing new people. Ema now jumps up on our bed to sleep with us, jumps in and out of the car, and loves meeting people! She loves going for walks and in the woods to explore! She is a big fan of pupachino's at Dutch Bros! She also has a friend since we have an 11-year-old Golden Retriever and she quickly became comfortable with my sweet boy, Buddy! She has no problem having a buddy to spend her day with and loves to walk next to him on walks. We are blessed to have Ema and are so thankful to have this sweet girl be part of our family!

Beth and Jean (Her foster mom) were amazing about communicating with us! Jean sent pictures, videos, and is still in contact with us! Dalmatian Rescue of Colorado is amazing, and we could not thank Jean and Dalmatian Rescue of Colorado enough for choosing us to be Ema's forever family! The love Tena, Beth and Jean and her husband have for their dogs is beyond words! Ema has her forever family and we have a very loved Dalmatian who has only enhanced our lives!!!!
