

# Sadie

(aka Sadie7)

*It is hard to put this into words when the world moves too fast and no one has time anymore to really care about the precious family, friends and simply amazing creatures that share this world with us.*

*My health has sometimes not been the best, but I have always had the support of my family, friends, but the ones that share my home with me are my precious children (Dalmatians mostly). I called them my babies and children because that is what they are to me. I do not have a mansion, but I have the most loving home, heart and a nice backyard and a park nearby where we go every day. I took Sadie again there this morning and she simply loves it. My precious Bonnie who contracted C. difficile which is a very severe intestinal tract disorder and with my lovely Coppergate Animal Clinic treated her twice. Well to my dismay and GOD needing Bonnie to be with Willie and her other friends and become an angel watching over all of us decided she should finally be at*

*peace and be healed totally and romp around in heaven. So, I gave up. Then, I prayed and prayed to bring me another special child. Beth White should be President, she sure knows how to help creatures and people in distress. My friend Rita, Lois in Kansas, Wendy in Iowa, but importantly my sister, Karen, came to my rally. They found me all kinds of dogs, BUT I WANTED A DAL. Sadie has black on her, lab/DAL mix, BUT I really believe the DAL won out. I kept telling everyone GOD would provide me with a special baby AND HE DID!!!!*

*I do have my kitty, Fiendly, and talked to Lyn on July 25th and the info she provided me is working so far.*

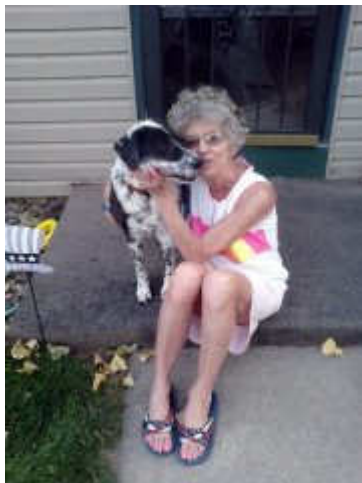

*My sweetie pie Sadie, Fiendly and me are now sharing our home together again as a family.*

*I want to thank Lyn Melin and Karen Smith (not my sister, but foster mom for Sadie) for all they did. Such extremely special human beings.*

*Sadie is the most lovingly, gentle spirit, so simply beautiful. The bonding that we have already shared together has given me such happiness and changed me so completely compared to two months ago AND I AM SO GLAD I WAITED FOR THE PERFECT DAL.*

*GOD BLESS YOU for helping me find a way for this special person you have brought into my life.*
